

QUEST - Quiet Corner Elder Screening Tool

QUEST has been created by Day Kimball Healthcare to help you and your family members identify health and social needs you may have. In addition, we have listed potential resources that you may want to contact. Please begin by reviewing the needs column and check off those items where you are in need of assistance or need more information. Then, contact the resource using the information in the Potential Resources column. Day Kimball has many programs that can meet your needs and we have highlighted them in the Resources column. Other agencies and programs may also be available and can be found in the telephone book, online or in Day Kimball Healthcare's Senior Resource Directory copies are available by calling (860) 779-9270.
